He discussed and answered questions regarding baselines, landowner mistrust, compliance, biological monitoring, Section 7 maintenance for flood control projects and other tools (i.e., NRCS, state grants, partners for Fish and Wildlife, CALFED, etc.). The Board Chairman directed the Manager to compile a report on the process, benefits, and responsibilities of the SRCAF in administering a Programmatic Safe Harbor Agreement for the SRCA. The report will be provided to the Executive Committee for discussion and possible recommendation to the Board.

Darrin Thome reported staffing changes at USF&WS. Darrin is going to the Regional Office and Ken Sanchez will be replacing him on the SRCAF Board. Caroline Prose will be replaced by Robert LaFleur for the TAC and other SRCAF committees.
